HAROPA-Port of ROUEN

Rouen is an estuary seaport handling all types of traffic. It is an integral part of the **first French port complex, HAROPA ***.

It is a powerful tool for the integration of companies into globalization, located at the heart of an **industrially powerful territory, the Seine Valley** (27% of national GDP, 5.7 million jobs). In addition, HAROPA is now involved in quality and environmental process : Iso 9001 / Iso 14001 certification / 2018 winner of the «Best Green Sea Port».

On this physical and digital axis, **competitive flows and services adapted** to your logistics plan:

- Taking over large vessels up to 290 m long
- Connection to 600 ports, worldwide
- Regular barge transportation & services from / to Le Havre (12 round trips per week) and Ile-de-France
- Handling and storage solutions for all types of goods

* Harbor Alliance of Le Havre, Rouen, Paris

6
